PROFESSIONAL SUMMARY

Computer Engineering student at HITEC University with hands-on experience building and deploying web applications. I have shipped 8 public GitHub projects, including 3 live Python AI applications (Rahbar AI, ThreatLens, and Resume Scanner) and front-end games and tools built with vanilla HTML, CSS, and JavaScript. Currently serving as Joint Secretary of the IEEE Student Branch, where I coordinate events for 200+ attendees. Seeking internships and junior front-end roles where I can contribute to real products, learn from experienced teams, and keep shipping code.
